INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Board of Directors
Lymphoma Foundation of America

We have reviewed the accompanying financial statements of the Lymphoma Foundation of America (a nonprofit organization), which comprise the statement of financial position as of December 31, 2018 and the related statement of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Report on 2018 Financial Statements

The 2018 financial statements were audited by us and we expressed an unmodified opinion on them in our report dated May 30, 2018. Our report stated that the information was fairly stated in all material respects in relation to the financial statements as a whole. We have not performed any auditing procedures on the financial statements since May 30, 2018.

Lymphoma Foundation of America
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE A – NATURE OF OPERATIONS

The Lymphoma Foundation of America (the “Foundation”) is a national organization devoted solely to helping lymphoma patients and their families. The Foundation is an independent, non-profit charitable organization under the leadership of an appointed Board of Directors.

The Foundation is dedicated to helping people find the best care available for each specific type of lymphoma. It was founded in 1986 by people with lymphoma who came together to help each other recover from cancer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Foundation have been prepared in conformity with generally accepted accounting principles as applied to certain non-profit organizations.

A summary of the Foundation's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The records are maintained and these financial statements have been prepared using the accrual basis of accounting.

2. Cash Equivalents

Cash and cash equivalents are defined as highly liquid investments with maturity of three months or less at the date of purchase.

3. Furniture and Equipment

Property and equipment are carried at cost or, if donated, at market value at the date of donation. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets.

4. Contributions

Contributions are recorded at fair value when received and recognized as revenue concurrently.

5. Use of Estimates

The financial statements of the Foundation have been prepared in accordance with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

Lymphoma Foundation of America
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Basis of Presentation

Net assets of the Foundation are classified as permanently restricted, temporarily restricted or unrestricted depending on the presence and characteristics of donor-imposed restrictions limiting the Foundation's ability to use or dispose of contributed assets or the economic benefit embodied in those assets. Donor-imposed restrictions that expire with the passage of time or can be removed by meeting certain requirements results in temporarily restricted net assets. Permanently restricted net assets result from donor-imposed restrictions that limit the use of net assets in perpetuity. Earnings, gains and losses on restricted net assets are classified as unrestricted unless specifically restricted by the donor or by applicable state law. As of December 31, 2018, and 2017 there were no temporarily or permanently restricted assets.

7. Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

8. Subsequent Events

The Foundation has evaluated subsequent events through June 24, 2019, the date the financial statements were available to be issued.

NOTE C - INCOME TAXES

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation has obtained a favorable tax determination letter from the Internal Revenue Service, and the Board of Directors believes that the Foundation continues to qualify and to operate in accordance with applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Foundation's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Foundation is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The trustees believe it is no longer subject to tax examinations for years prior to 2014.

Lymphoma Foundation of America
NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE D - INVESTMENTS

The Foundation's balance of investments during 2018 and 2017 were unrestricted. Investments that represent 5% or more of the Foundation's net assets are separately identified.

	2018	2017
Government Obligations	\$ 99,945	\$ 157,339
Total	\$ 99,945	\$ 157,339

During 2017 and 2016, the Foundation's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$(1,172) and \$1,069 as follows:

Net (Depreciation) / Appreciation in Fair Value	2018	2017
Government Obligations	\$ (1,172)	\$ 1,069
Total	\$ (1,172)	\$ 1,069

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quote prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

Lymphoma Foundation of America
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE E – FAIR VALUE MEASUREMENTS - Continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Common stocks, corporate bonds and U.S. Government securities: Valued at the closing price reported in the active market in which the individual security is traded.
